

Product Specification Sheet

300kW Boiler

High Efficiency oil fired LTHW boiler.

Product Benefits

- Fully packaged, Containerised unit
- Easy to use controls
- Secondary circuit with large expansion tank built in
- Easily manoeuvrable

Product name	300kW Boiler
Product Number	GB80056H
Heating Output	300 kW
Temperature Range	28-85 °C
Primary Expansion Tank	50 L
Secondary Expansion Tank	300 L
Total System Volume	520 L
Minimum Working Pressure	1 Bar
Maximum Working Pressure	10 Bar
Flow Rate	15.4 m ³ /hr
Max Fuel Consumption	29.4 LPH
Fuel Efficiency	94 %
DHW Circuit Module	Optional
Fuel Type	Oil
Electrical Feed	230v 1P/N/E v/ph
Maximum Absorbed Current (FLA)	13.5 A
Weight (Empty)	2400 Kg
Fluid Connections	2" Flange (2" Camlock Option) Inch
