

# Product Specification Sheet

## KH9

The KH9 portable heater is our medium sized Kube Heaters, able to produce a total heat output of 9KW. Designed for temporary or permanent heating, the KH9 is fitted with a 5 pin, 3 phase, 16 Amp plug, ideal for use in; retail shops, warehouses, workshops, constructions sites, industrial areas, event spaces and similar areas.

Equipped with wheels for ease of movement and a large connection collar, allowing for the connection of additional ductwork to help better direct the flow of warm air to specific areas. The KH9 portable heater produces a high airflow with minimal noise and are equipped with a mechanical thermostat allowing you to control the room temperature. The overheating protection technology allows the heater to safely run unattended without overheating within a dry work environment.

## Product Benefits

- Mechanical thermostat for room temperature control
- Overheating protection
- High air flow with low noise
- Wheels for easy movement
- Large connection for use with flexible duct

## Technical Data

<b>Product name</b>	KH9
<b>Product Number</b>	EB16327
Rated current	13A
Voltage	3N-400V
Total heat output (kW)	9
Power setting (kW)	4.5-9
Airflow (m <sup>3</sup> /h)	950
Temperature increase	23/31°C
Noise level (dB(A))	64.8
Weight (kg)	23
Dimensions HxWxL (mm)	419x393x492
Protection rating	IP44
Average seasonal efficiency	36%
